TOPICS DEADLINE IS DECEMBER 12. WE WILL PRINT YOUR ARTICLE TWO MONTHS BEFORE YOUR SPECIAL EVENT.

What is TWERC anyway? This was a question I was asked by a new resident. A very valid one for sure. Let's start with the name, T-Tangerine, W-Woods, E-Elected, R-Recreation, C-Committee. In the early 80's when Tangerine Woods was first started, the residents were all newly retired, and most had come from somewhere north. They were looking for "fun in the sun." With the pool and tennis court and the addition of shuffleboard, bocce and horseshoes, they kept busy. Golf, fishing and the beach were activities happily enjoyed any month of the year. The new clubhouse was the site of many meals, dances and gatherings.

During this time, the everyday business was being run by the developers. After a brief time, they added a resident or two to their board. The Recreation Club was always "driven" by the residents. It was established in 1985 controlling its own funds, and had its own bylaws. In fact, Teresa and Bob Pifer were some of the early co-chairmen leading different social activities. Another early pioneer who helped

all the neighbors have fun was Tina Tullo.

In late 1987, the developers helped establish an owner-controlled Board of Directors. The Recreation Club became TWERC. This committee is lead by four officers-President, Vice President, Secretary, Treasurer and three Directors. In January, there will be an election for these positions. There is an article in this month's Topics discussing it. Voting will take place at Saturday morning coffee.

We have many activities available for our residents. These are listed in your Owners' Directory. If anyone has an idea for a new activity, please see one of the TWERC Board members, or attend a monthly meeting and let us hear your ideas. Get involved, ask to be on a committee

for an upcoming dance or social event. This is a fun way to meet new people and be useful all at the same time.

The Clubhouse Christmas decorations will be going up on the first Monday of December. The gate area as well as the Clubhouse entrance will also be decorated. Lazy Daze will be getting all the stored decorations out, and the gathering place will be the clubhouse. Come on up and help out. 'Tis the Season and there WILL NOT BE SNOW OR ICE! Let's start this holiday by helping Tangerine Woods become a Christmas Showplace.

TW ACTIVITIES AND ANNOUNCEMENTS

DETAILS

Doreen Barrett

Court Nederveld wrote recently about computer scams. A flashing screen may pop up with a scary voice from Microsoft Windows Security telling you that you have a Zeus virus, so you will have to call the 800 number immediately. This scam is never successful unless you call the phone number. A con artist will answer and read from a script to convince you to pay \$399 to fix it. Court insists you not call the number. Instead, restart the computer. If it still appears in your browser (Chrome, Edge or Firefox), keep closing it until it is no longer there. Hopefully, that will take care of it. Another scam is through a voice message that says your Windows License Key has expired and you need to call an 800 number immediately. Do not call this number as a con artist will answer and try to get your money again! So do not to call these numbers or give any information to a person over the phone regarding your computer. By the way, our computer classes at 10 am, led by Paul Prosseda, will be on December 7, January 4, January 25, February 8, February 22, and one in March TBA.

TW KNITTING/CROCHET COTTAGE INDUSTRY

Ann Landry

When the snowbirds arrive, those of us who supply scarves, mittens, hats, blankets, etc. prepare our work to be shipped here and there for people in need.

Dorothy Hall: She celebrated her 90th birthday a few years ago. When she lived in Virginia, she made prayer shawls for her church and now she donates them to Hospice in Florida.

Diane Hathaway-She makes the most beautiful, colored mittens you could ever hope to see. At this time of year, she sends off three dozen or so mittens to a church located in a needy area of Schenectady, NY.

Jane Newcomb-She provides small blankets (either crocheted or knitted) to a Neo-natal unit/High Risk Hope based out of Sarasota Memorial and Tampa General. Along with others in this Cottage Industry, Jane supplies her own yarn and time and talent.

Sharon Tyroll-She is a very talented knitter who makes hats, sweaters, blankets, etc. She plans on donating all of her work to Lemon Bay Women's Club. They, in turn, pass it along to babies and children who are born addicted to opioids.

Ann Landry-I have been making prayer shawls and scarves. My work has to be simple enough for me to knit and/or crochet and continue my life as a basketball junkie and a Tampa Bay baseball junkie! My work is sent to two different places. Some go to Pastor Patrick in Schenectady, NY, and some go to Appalachia. Currently, the TW Needlecraft Group has been discontinued. If someone has an interest in restarting this group, call a TWERC board member.

CORNHOLE 2018

Bernie Bellner

Tentatively, league play will begin January 11 till March 11.

The directory is now online in the private section of the site. **Only residents have access.** If you need a password, you can request one online at the site. Also, be sure to check out the "Upcoming Events" section for all the fun things being planned this season. Current and Past Topics are at the site for your viewing as well. TW Chorus members will help bring in the Christmas Season by singing numerous Christmas Carols and several Broadway Christmas songs which you will immediately recognize. Hope to see you there to share our Christmas spirit with you.

WELCOME BACK TO KAYAKING

Bert Noyes

In our fourth full season of kayaking, we are planning eight dates beginning in late January and ending the first week in April. Most of our tours are on the Intracoastal Waterway, and we try to go to a different destination each time out. We use sit-on-top kayaks (very easy to get on and off), the water is shallow, and the kayaks are very stable. We usually leave the clubhouse around 1:00 pm to travel together (carpool as much as possible) to the launch site. We will be in the water by 2:00 and back to land by 4:00, often with dinner to follow for those interested. We will also schedule two Safety and Instruction classes to teach basic kayak safety and skills for newcomers as well as experienced people. There are five tandem and fourteen single kayaks available for rental each time. The fee is \$35.00 which includes the kayak, life vest, paddle and the guided tour. If you own a kayak, you are still welcome to join the tour and pay only the \$10.00 guide fee. Newcomers are very welcome. Contact Bert or Debby Noyes at 941-445-6905 for more information.

CANDY CANE HOLIDAY GALA

Kathy Fliess

Please join us for our annual Christmas Dinner Dance on Friday, December 8. Dinner will be served at 5:30 pm, and the band Quiet Fire will provide dance music from 6:30 to 9:30 pm. Tickets will be on sale before Saturday Coffee on December 2. The cost is \$25 p/p. Meal choices will be Beef Burgundy or Chicken Cordon Bleu.

PEG TOTMAN'S ADOPT-A-FAMILY

LeeAnn Magner

It's that time of year again. A frenzy of shopping, the search for just the right gift for just the right person, the jingle of bells, the joy of the season are all upon us. Charities from all over the world have sent out pleas appealing to our more generous nature. We have a very special charity that began right here in our own community. Peg Totman's Adopt-A-Family was named after a former resident and began about 17 years ago with the help of the Sarasota Sheriff's Department. Peg's successor, Ann Foster, has continued this tradition. Young needy students, with good grades, attendance and deportment are chosen by local agencies and teachers from our local schools. The Sheriff's representatives then visit the family to get all the children's information. Your donations are not spent on toys, only clothing, shoes, socks, and underwear. Once all the size and age information is accumulated, lists are compiled and each child's statistics are listed on individual sheets. A group of volunteers goes shopping at Target, and the next day, the community wraps all the presents at the clubhouse. But first donations must be collected. 50/50 drawings, checks and cash are donated by TW residents. Each child is then allotted around \$200 to pay for the clothing they will receive. When you donate to Adopt-A-Family, you are giving school clothing which will give the child more confidence in every way. Additionally, each family is given a full turkey dinner! Come join us this month to shop and/or wrap the presents for these deserving kids! Incidentally, Jane Warburton will be filling in for Ann this year who will be out of town.

CELEBRATION AT INDIAN MOUND

James Connolly

We watched the TV news in the upper and lower Midwest. We watched from New England and south to the Carolinas. We watched the great storm move toward our winter homes. It didn't look good; devastation was about to occur. Those that were settled here evacuated their homes. Those who were away became resolved to a complete loss. Some prayed for the storm to go elsewhere.

The ancient early native Indians living here at Indian Mound faced their storms too. They looked for signs that foretold the emergence of these dangerous storms. Their knowledge came from stories of their collective past. Their medicine men sang chants that hopefully would persuade the spirits of Nature not to harm them. Some people believe that is what miraculously protects this area from hurricanes.

Today, our science can predict the probability with some accuracy the formation and direction of great storms. Our

TW CHRISTMAS TIME

Bonnie Phillips

Time must be playing a hilarious joke,
Because it keeps reminding us with a gentle poke,
That regardless of sunny days and warm breezes down here,
It's time to start thinking of Christmas Cheer.
The scenery of tinsel trees, and holiday trends,
Recall special memories of our northern family and friends.
We think of warm fires you are gathered around,
Watching TV, or reading, as snow falls to the ground,
We envision the scurrying of our friends that bake,
And remember the aroma of their cookies and cakes.
Although we have no snow to shovel, nor fires to bank
No wood to chop, no leaves to rake,
We've draped our palm trees with twinkling lights,
And they continue to burn till just about midnight.
Our fans are still blowing fresh air around,
Our tangerines are juicy, plump and round.
So no matter if the weather is cold or hot,
Christmas is coming, ready or not.

science is telling us that there are energetic changes taking place today. Glaciers are melting, seas are rising (in fifty years at this place, this land where we are standing will be under water), the climate is getting hotter. There are places facing droughts, crop failure and famine. Other places are facing extreme rainfall and devastating floods. Climate change is real. Unlike the ancients we know this change is not spiritual but a reaction of Nature-the Physics of Life. We will always face great bursts of energy on our planet-solar bombardments, movements of the earth's crust causing volcanic eruptions and earthquakes. The physics of climate is being influenced by humans today.

So we gather at the Mound thanking the ancient Indians for their gift of spiritual protection against the ravages of nature, and thank our fortunes that nature gave us a pass once again.
