AUGUST-SEPTEMBER ARTICLES DUE BY

JULY 12, 2017

Taking a trip this summer? Take some notes and write an article about it for The Topics. We would love to see your photos too. Email it to Doreen Barrett or LeeAnn Magner.

BILL'S BULLETIN

BY BILL BOWER, PRESIDENT-TWOAI

Greetings from the great state of Indiana! Hope all of you who traveled North for the summer had safe travels. I am sure like all of you, once Stephanie and I arrived home, we found plenty of work to do with reopening the house, landscaping, etc. It has been beautiful here with all the flowering trees, lush green grass and ground plants that are in full bloom. For all of our fulltime residents, I know you are enjoying the warm weather and the peace and quiet that comes when we "snowbirds" go North.

The 2017 summer will be a time to complete some important projects at TW. The clubhouse floor including the stage will be stripped and refinished beginning June 12. Our beautiful clubhouse is our gathering place, and it is important that we maintain it. Other clubhouse projects will follow in the coming years including lighting, HVAC and general maintenance.

A second important project will be the installation of security cameras. We propose to install cameras at the front gates, in the clubhouse and outside entry doors. It will be important to install a system which will allow us to add cameras in the future. It would be important to have security at the new Lazy Daze warehouse if and when it is constructed. We all agree it is a shame that our societal changes have led us to this need, but the reality is safety and security must be at the forefront. The incidents we have experienced at TW including vehicles breaking through the front gates and multiple incidents in the clubhouse dictate we must do all we can to deter these violations and identify those who violate our security.

Additionally, we will be rearranging the office area to provide more efficient work space. A concern I have heard over and over is the lack of privacy afforded to our residents when they wish to speak to our Community Manager. The new office arrangement will provide the necessary privacy without having to find a place outside the office. I believe all of our residents will find the new arrangement will make coming to the office to conduct business a better experience.

As discussed during the April Board Meeting, we have signed the new contract with Comcast. The Board of Directors believes the additional services including two DTA's that will provide HD viewing is a nice upgrade. It is our hope the new service will be in effect by October, 2017.

As an update, our Bylaws Committee is working throughout the summer to revise the Declaration of Condominium that failed to receive a two-thirds vote of approval this past March. I am confident with the appropriate revisions that our community will pass the Declaration in February, 2018.

Lastly, I wish all of you a safe and healthy summer. I will be anxious to return to TW in October, and reconnect with all of our TW friends and neighbors.

TW ACTIVITIES AND ANNOUNCEMENTS

DETAILS

Doreen Barrett

I read Court Nederveld's column in the Englewood Sun. He is a local computer business owner. Lately, he has written some pertinent information I would like to share about computers. He discussed his favorite antivirus program, Windows Defender, which comes free with Windows 10. He always recommends deleting any other antivirus programs under Programs and Features (in Control Panel under Programs) as they will cause delays in loading pages or even email. Another excellent program is Malwarebytes. Just use the free version and run it weekly to erase unneeded malware or unwanted programs from your computers. Superantispyware is another great tool that is free. It identifies those pesky cookies that accumulate when you visit various websites and deletes them. In another column, Court talked about personalizing your PC. You can move the bottom taskbar to the side by dragging it after you uncheck Unlock the taskbar by right-clicking anywhere on the taskbar. You can also autohide the taskbar. Search for it, and checkmark it. Then the taskbar will disappear, and pop up again when you move your cursor down there. It gives you more room on your viewing screen. Do you want to change the picture on your desktop? Click on settings(the gear), personalization, and themes. Here you can add a special Windows theme, or you can install your own pictures. If the picture is centered, you can pick your own favorite background color too. Under the word Background, click the arrow to show Solid Color. Select your color, then put it back to picture and voila, your screen looks personalized! Computing is a great hobby and a wonderful tool for keeping your mind in good working order.

LIVING WITH BOBCATS

Some residents have reported seeing bobcats in our community. Here are some hints to prevent possible problems.

1. Secure all food sources, pet food and garbage.
2. Do not directly feed bobcats or other wildlife.
3. Haze any bobcat. Yell, use airhorns or throw rocks towards it, not at it to discourage the animal from being there.
4. Do not leave small domestic pets outdoors or on screened enclosures unattended. Always walk dogs on leashes so they cannot run off.

BETTER BE SAFE THAN SORRY

Courtesy of David Morris from the Englewood Sun

The Federal Communications Commission issued a national consumer alert recently about automated robocalls that attempt to elicit a yes answer to certain questions. They are being recorded to receive fake verbal authorization from consumers. Later on, the consumer may receive a bill claiming they ordered goods or services. They recommend not answering a call if you don't recognize the number. (Obviously that means you must have Caller ID installed.) If they leave a message, do not call back. It would be smart to ask them a question like "Why am I receiving this call?" But the best advice of all is to **just hang up**. Do not deal with these crooks for a second! David says to report scam phone calls to the FCC at **www.consumercomplaints.ff.gov/hc/en-us** or to BBB's Scam Tracker at **www.bbb.org/scamtracker/us.** **www.nomorobo.com** offers free protection for landlines, and apps for cell phones are called True Caller, Mr. Number and Hiya.

The funniest call I (DB) ever received was on my answering machine. It said I was going to be arrested if I didn't pay my taxes. It was, of course, a ridiculous scam which I discovered when I googled it. Please, folks, beware when you receive suspicious phone calls.

4th of July Party

Cindy Kleinschmit

On the Fourth of July, we will be having a Potluck Celebration at the Clubhouse. Before the meal, the residents can enjoy a decorated Golf Cart Parade. Tickets for this event will be on sale June 17 and 24 before Saturday morning coffee. There will be a sign up sheet on the lobby bulletin board, so please tell us what you plan on bringing to the dinner. In case you miss getting your tickets, you can call Shirley Sabo at 419-419-9228. More information about this celebration will be announced at upcoming June coffees. Hope to see you all there.

PARAPROSDOKIANS

1. Where there's a will, I want to be in it.
2. Since light travels faster than sound, some people appear bright until you hear them speak.
3. If I agreed with you, we'd both be wrong.
4. We never really grow up—we only learn how to act in public.
5. Knowledge is knowing a tomato is a fruit. Wisdom is not putting it in a fruit salad.
6. To steal ideas from one person is plagiarism. To steal from many is research.

TW ACTIVITIES AND ANNOUNCEMENTS

MEDICATIONS AND FOODS

Courtesy AARP Bulletin

A new book from AARP called Don't Eat This If You're Taking That by John and Madelyn Fernstrom has been written to discuss how anything you put in your body can potentially alter medication's effectiveness or even cause other problems. They recommend the following precautions:

- Avoid fish oil supplements if you take blood thinners. However, eating fish is safe.
- Avoid grapefruit and grapefruit juice if you take certain statins for high cholesterol. Lipitor, Zocor, and Mevacor were listed.
- Avoid too much cinnamon if you take medicine for diabetes. Cinnamon can lower blood sugar, so refrain from taking high-dose supplements.
- Avoid red wine, hard cheese and chocolate, if you take certain MAOI anti-depressants. They can raise blood pressure.
- Avoid too much calcium if you take certain heart medicines (calcium channel blockers). Limit your total calcium to 1,000 mg. a day.
- Take it easy on bananas and high-potassium foods if you take a certain blood pressure medicine. (ACE inhibitors)

FOR DAD (by Anonymous)

To be heard, without saying a word,
To be hugged when I'm feeling blue,
To be understood, when I'm confused,
So rare is a Dad like you.
Your loving smile, and gentle laugh,
Make all the difference in my day.
Your endless wisdom, and timeless advice
Always help me find my way.
In you there is no equal,
You're in a class all your own.
And because of all the love you give me,
I'll never be alone.
It's an honor to know you,
To share stories and dreams.
I always think of you smiling,
No matter how tough life seems.
You're special beyond compare,
Your heart is kind and true.
I wish everyone on earth,
Could have such a Dad like you!

Father's Day History

Courtesy of Wikipedia

A bill to accord national recognition of the holiday was introduced in Congress in 1913. In 1916, President Woodrow Wilson went to Spokane to speak at a Father's Day celebration, and he wanted to make it an officially recognized federal holiday, but Congress resisted, fearing that it would become commercialized. US President Calvin Coolidge recommended in 1924 that the day be observed throughout the entire nation, but he stopped short of issuing a national proclamation. Two earlier attempts to formally recognize the holiday had been defeated by Congress. In 1957, Maine Senator Margaret Chase Smith wrote a Father's Day proposal accusing Congress of ignoring fathers for forty years while honoring mothers, "thus singling out just one of our two parents." In 1966, President Lyndon B. Johnson issued the first presidential proclamation honoring fathers, designating the third Sunday in June as Father's Day. Six years later, the day was made a permanent national holiday when President Richard Nixon signed it into law in 1972.

SINGLES' GROUP

Bobbie Ramsey

Marilyn Rathbun will be making the plans for our group dinners during the summertime. Her phone number is 460-3031. Please contact her for questions or suggestions.

HEART ATTACK SYMPTOMS IN WOMEN

From Mayo Clinic News Network

The symptoms are similar to men's but are often less obvious. Chest pain is a common heart attack symptom in women, but it's often not the predominant symptom. The chest pain is usually not as severe and may be accompanied by other symptoms such as shortness of breath, fatigue and nausea. The pain may occur in the back, shoulder or neck as well. In women, heart disease may affect the smaller cardiac vessels. Diabetes, smoking, high blood pressure, high cholesterol, being overweight, lack of regular physical activity, and an unhealthy diet all raise the risk for heart disease. In addition, women who have high blood pressure during pregnancy are at an increased risk later in life for heart disease. After menopause, unfortunately, the rate of heart disease goes up dramatically due to estrogen levels dropping. It is recommended to talk to health care providers concerning individual risks for heart disease, and to review personal and family medical history to better understand one's risks. If these symptoms do appear, get emergency help right away. Never drive yourself to the hospital, and call 911 for help.

GEORGE TAYLOR
MAY 4, 2017

Don't think of the loved one as gone away-their journey's just begun, life holds so many facets-this earth only one. Just think of the loved one as resting from the sorrows and the tears, in a place of warmth and comfort where there are no days and years. Think how they must be wishing that we could know today how nothing but our sadness can really pass away. And think of the loved one as living in the hearts of those touched….for nothing loved is ever lost-and they were loved so much.

ELSIE QUIRK LIBRARY SUMMER PROGRAMS

Ann Landry

A Summer Book Discussion Group will be held the third Thursday of each month at 10:30 am. Alyssa Lopez, Reference Librarian, will lead the discussions.

June 15-Where'd You Go, Bernadette by Maria Semple
July 20-The Storied Life of A.J. Fikry by Gabrielle Zevin
August 17-A Spool of Blue Thread by Anne Tyler
September 21-The Boys in the Boat by Daniel J. Brown

Other Summer Programs include:
June 20-10:30 am-Smoothie Making 101
June 27-10:30 am-Green Living
July 1-2:00 pm-Artists in the Library: Mixed Media Found Object Jewelry
July 11-10:15 am-Film-The Boys of '36(Documentary about the rowing team from Boys in the Boat)

DESCENDANTS

Doreen Barrett

Our son, Ryan Barrett, has invested a great deal of time to create his special artwork called Pixel Art. Since he is so inspired by video games, each piece represents one of those characters. He first creates a grid on the canvas, and then paints each pixel until the picture is completed. Last month, he attended a convention called Retropalooza in Pasadena, Texas. There he displayed his paintings and magnets at a booth. In the picture below, a young boy is playing a video game at his booth and Ryan is standing behind him. Congratulations Ryan on a job well done. His website is **www.pixelartpaintings.com**.

WHO KNEW?

Ann Landry

I have turned over this entire column to material provided by Mary Maloney. Thanks, Mary!

We know the basic uses for WD-40. So here are some other uses-Who knew?

- Protects silver from tarnishing
- Removes road tar and grime from cars
- Removes lipstick stains
- Keeps ceramic/terra cotta garden pots from oxidizing
- Removes tomato stains from clothing
- Keeps glass and/or plastic shower doors free of water spots.
- Removes grease splatters from stovetops
- Removes stains from stainless steel sinks
- Keeps bathroom mirror from fogging
- Favorite use in Florida-cleans and removes love bugs from grills and bumpers
- Use it for fire ant bites; takes the sting away immediately and stops the itch
- Shines your stovetop.

GEORGE & THE TOMATO PLANT

Doreen Barrett

One day at TW Bingo, Lillian Johnson brought some tomato plants and gave one to George Spangenberg. Shirley took the plant and placed it on the lanai for a month. Finally in February, George planted it next to his house on a trellis. He has been tying up the stems and watering it religiously! He hasn't even used fertilizer or spray on it either. Well take a look at this plant now. He says it has produced over 500 tomatoes with many more still coming. They are in the grape or cherry tomato family as they are cylindrical but small. George and Shirley also recommended dipping them in ranch dressing. Ask George, and I am sure he will share some with you.
