WHERE HAS THE YEAR GONE?

I can't believe that almost 12 months have passed since the annual meeting when the residents of Tangerine Woods elected me to the Board of Directors for a two-year term.

Along with the election to the Board came the Board choice to elect me to the position of President of the Tangerine Woods Owner's Association for the 2023 year. It is a responsibility that I have taken seriously and have spent the last 12 months diligently working with the Board in support of residents to ensure Tangerine Woods remains the desirable community to reside in that we all have become accustomed to and expect.

I must admit there has been, and continues to be, a learning curve that comes with serving on the Board. The first is to serve as a Board member and then accept a nomination to serve as an officer of the Board. The requirements of a Board of Directors go beyond the monthly public Board meetings. Each Board member is required by Florida law to attend a certification class.

This is to learn the basic rules that oversee a Condominium Owners Association and a member's responsibilities. And yes, the rules governing a condo association are very different than those of an HOA or homeowners' association as defined by the state of Florida. As the Board members are volunteering their time to serve the TW community, I have one request of our residents, and that would be to review the documents of the community. The decisions the Board makes are formed by what our documents allow and the condominium act of the state of Florida. These documents have come into play more than anyone would have liked in the last 18 months with the issues caused by Ian. I would like to remind everyone that the previous Board understood that the repair or replacement of the homes would take time.

Realizing this, the Board approved an extension of over a year to complete repairs or have the needed repairs under contract with a licensed contractor to bring homes into pre-Ian condition. Since the extension granted expires at the end of December 2023, residents are required to move forward with any needed repairs to bring their homes into compliance as stipulated in the Tangerine Woods Bylaws and rules and regulations.

It is important to know that we will be holding the Annual Membership Meeting on Thursday, January 18, 2024, in the clubhouse. The annual membership meeting will elect three members to fill the positions that are expiring for a two-year term. All needed information has been sent to the homeowners as required. If it has not been received, please contact the TW office. With three positions expiring I would like to

express my gratitude and thanks to Barb Weatherhead for her service on the TW Board of Directors for the last four years. Barb has decided not to seek another term and I as well as the previous Board of Directors and the community owe her a great big thanks for the work she has done for the residents of TW. Thanks Barb!

As the 2023-2024 season moves into full swing, we will be holding the activities that were cancelled due to Ian:

1. Three entertainment shows—please see Kathy or John Fleiss for information and tickets
2. The regular slate of dances such as the Valentine's Day and The Spring Fling dances
3. Tiki Fridays
4. The annual Flea Market which was held although at a later than normal date
5. All regular indoor activities such as the morning exercise classes, Saturday coffee, cards and ceramics

In addition to these indoor activities there are a full range of outdoor activities to keep the residents active:

1. Pool activities
2. Tennis
3. Pickleball
4. Shuffleboard
5. Horseshoes
6. Bocci Ball
7. Hanging out at the pool
8. Golf

There are a couple of other items that the Board has on the docket for the coming year which are being examined as the current contracts are either expiring or in need of upgrading.

The security of Tangerine Woods is of utmost importance to all of us. This is a high priority for the Board because the systems in place need a major upgrade or more accurate replacement. This will be a major undertaking and is being approached carefully to ensure that when a decision is made it will provide maximum security for years to come.

The major item that impacts all the residents is the Comcast Cable service. This is paid for through your quarterly dues and the current contract expires this year. We have a committee researching all options and potential providers to get residents the best service at the best possible price. This is a major expense to the budget, and we are committed to making a decision that will provide the best service at the best price. As always, I would like to give a big shout out to the

best resource we have at Tangerine Woods, which is our residents. It is the giving of themselves in so many ways that makes TW such a great place to live. The quality of life we enjoy would not be what it is without the countless hours our residents provide. Thank you and keep up the great work. As the season gets into full swing let's get active, stay healthy and have a fun-filled 2023/2024 Season.

BLOOD DRIVE

Linda Friede

One unit of blood donated can save three lives. I'm guessing most of you have either received blood products or had a family member who has. Sarasota and Charlotte counties are in great need of blood. All blood donated with Suncoast is used locally. If you have never donated please consider taking 30 minutes of your time to do this. You will be screened to see if you qualify. Several rules for donating have been modified to make it easier to give so if you've been declined in the past you could try again.

Sign up sheets will be posted 7-10 days prior to the January 13th blood drive so you can pick the best time slot for you. Let's make this one of our best blood drives yet!

Happy New Year

TW ACTIVITIES AND ANNOUNCEMENTS

SAVE THE DATE ANNUAL TW FLEA MARKET! FEB. 2nd and 3rd 2024

If you are new to TW, this is the largest fundraiser for TWERC (Tangerine Woods Elected Recreation Committee). The money raised helps support the social activities that we all enjoy. In 2023 we had an incredible year. We're looking forward to another banner year and with all your help, we're sure it will happen. On Friday, Feb. 2nd, the Flea Market will be open to **TW residents only** for the sale or purchase of treasures. On Saturday, Feb. 3rd, TW opens its doors to the community. We have several committees who will be reaching out for donations and volunteers for both days.

☐ Deb Noyes and Nancy Blaser will be chairing the **BAKE SALE**.

They will be looking forward to donations of baked goods that all can enjoy! Big hits are always pies, sugar free/gluten-free foods and breads. Doggie treats were another big hit for all our furry friends!

☐ Carole Tarney and Denise Cain will be chairing the **BASKET RAFFLE**.

These baskets were just incredible last year, and we are looking forward to what this year will bring! We had baskets that were filled with items from different states and countries (Canada), sports, camping and pets! The sky is the limit!

☐ Tom Welch and John Yannaci will be gathering up items for the **FURNITURE SALE**. What we are looking for is gently used furniture, good working gardening supplies, bikes (in good condition) and tools. We cannot take couches, broken tables/chairs, large exercise equipment or entertainment centers.

☐ Steph Hedrick and Pat Molt will be chairing the **SUPER BARGAIN ROOM**, or **WHITE ELEPHANT**. There is so much to offer, and they will be looking for the following items: household treasures, craft supplies, lamps (in good working order) baskets, books, linens and decorative pillows, anything Florida themed and **BEACHY**, and jewelry (this table was a sellout last year!). We cannot use the following items: old stereo components, Christmas items, broken items, old luggage, empty picture frames, old sunglasses and clothes.

☐ Lynne Klein and Curly Yannaci will be chairing the **TABLE RENTALS**. If you have treasures that you would like to sell, contact these ladies for price and availability.

And don't forget our 50/50 raffle! Ongoing both days, this is another fun way to support TWERC and with any luck, win big! For more questions, contact Tom (518-361-6687) or Sheri Welch (518-791-1122). All names above are in the TW phone book.

OUR ALLIGATORS

Don Steele

No animal is more connected with our State of Florida than the alligator. It's the official state reptile for Florida, Louisiana and Mississippi. I find it hard to believe that I hadn't featured the alligator in a past column. The American Alligator weighs up to 1,100 pounds and gets up to fifteen feet long, but the ones we see

here are usually under eight feet long. We don't have to worry about the more aggressive American Crocodile around Tangerine Woods. Those get up to twenty feet long and one ton heavy. Luckily, they stay south of us and prefer salty waters. The easiest way to tell the difference between gators and crocs is by the shape of their snout. Gator's snouts are broad and the croc's are pointed. The American Alligator uses low frequency sound, like a rumbling, to attract a suitable female mate.

Eggs are laid in a nest of vegetation, sticks, leaves, and mud in a sheltered spot in or near the water.

Young are born with yellow bands around their tails and are protected by their mother for up to one year.

They grow larger until they are 30 to 40 years of age. Teeth? About 74-80. They bite with a world record of almost 3,000 pounds of force, yet their jaws can be held closed using bare hands. Don't try that at home. Fatal attacks always make the news but there have only been about thirty in the US since 1970.

They were a protected (endangered) species for just 14 years between 1973 and 1987, showing us that they were able to recover quickly.

Sometimes they show up walking around our neighborhoods. Left alone, they will continue going wherever they were heading. However, they can be quite a surprise if you come upon one in your daily activities. I have never heard of one being aggressive when away from the water.

They aren't hunting, they are trying to get somewhere we can only guess. The best action is to respect them and leave them alone. Remember, if you call for it to be removed by a professional, it will likely be terminated, not relocated.

Here in TW, before Hurricane Ian, spotting alligators in the Lateral and the lakes was common

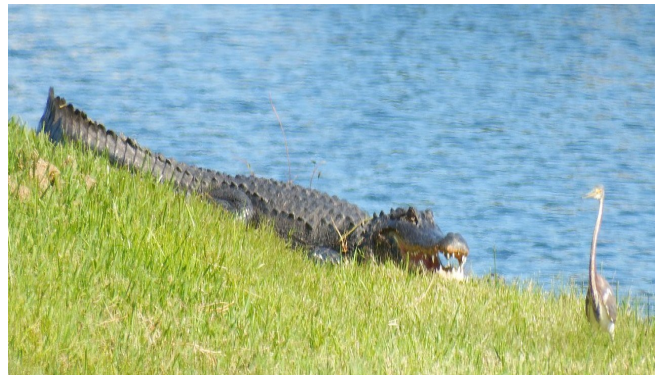

and broods of young were heard and seen. In recent months they are returning, and I hope to see babies next year.

The sound that they make is like that of chicks peeping. Bright yellow stripes on the tail make them easier to spot.

One day, when visiting the Lateral, I observed alligators swimming towards me. That was a clear sign that someone was feeding them and that is the worst thing we can do. They are happy to take your food, but once they see people as a food source, they must be killed to protect people and pets. This is why I installed the sign near the culvert on the Lateral. When you see a gator, remember to respect it. It is illegal to feed or molest them, so please just enjoy seeing them.

They can sprint, but only for a short distance. If approached on land, run away in a straight line if you can. The experts do not agree with the advice to zig-zag. Just in case, remember that if you jam anything into the back of their mouth, you can cause a gag reflex. They can swim at speeds of up to 30 miles per hour, which is faster than any other animal on the planet, according to NOAA.

Search Google with "Deep Hole alligators" to learn about a unique walking day trip just a 45 minute drive from here at Myakka State Park. After they give you one of the 30 permits allowed each day, it's a 2 mile walk to Deep Hole where you can see over 100 gators in the wild.

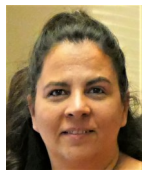

This is a sinkhole that happens to be in the middle of the river. A Google search will provide many video links. I've done it, and it is very memorable.

TW ACTIVITIES AND ANNOUNCEMENTS

MESSAGE FROM OUR MANAGER

Angie Sasser

The 2024 season has begun! We already have great participation in the seasonal events and people are signing up and joining in on the weekly activities scheduled. There are just a few reminders I want to give to all the returning residents, new and old alike.

- When you return to the community sign in at the front desk to let us know you're here.
 - Please remember to sign up for the volunteer activities: Clubhouse Opening, Lockup, and Saturday Morning Coffee.
 - Let's remember the speed within Tangerine Woods is 20 miles per hour.
 - If you would like to store an RV, trailer, boat, etc. in the RV storage parking lot you must fill out a form with Mike Gineo the Storage lot Chairperson. He will assign you a spot. If you place an item in the lot without registering it, it may be removed or towed.
 - Any changes you make to the exterior of your home, you must fill out an Exterior request ahead of time and receive approval.
 - Trash day is early morning Fridays.
 - You are responsible for your weeds and the trimming of your bushes/trees.
 - Please do not let people you do not know in the gate. During office hours they can dial 747 for the office to let them in.
- It has been a few years since Tangerine Woods had a full season. Sign up for your favorite activity, watch the weekly events and join in to have fun. I am looking forward to watching all the residents get together and enjoy the events planned. Let's make this a season to remember.
